

Why You Need Title Insurance

courtesy of Capital Title of Texas

Many title problems can arise to cause the complete or partial loss of your home or business property.

Even the most careful search of the public records will not find every title problem. Because some problems are hidden, your title may appear to be perfect when in fact there may be a serious problem that could affect the validity of your property's title.

Owner's title insurance protects you against financial loss caused by covered title risks. As the insured, our underwriter will defend you against an attack on the title to your property without expense to you. If the attack is successful, the title insurer will indemnify you against the defined financial loss up to the policy limit. A small, one-time premium provides you with this valuable protection.
