TEXAS EDUCATION AGENCY

SCHOOL ACCOUNTABILITY RATINGS

2022/2023

Academic Accountability

Texas provides annual academic accountability ratings to its schools. The ratings are based on performance on state standardized tests; graduations rates; and college, career, and military readiness outcomes. The ratings examine student achievement, school progress, and whether districts and campuses are closing achievement gaps among various student groups. To learn more, visit **TXschools.gov**.

Governance and Accountability
Performance Reporting

The overall design of the accountability system evaluates performance according to three domains:

Student Achievement evaluates performance across all subjects for all students, on both general and alternate assessments; College, Career, and Military Readiness (CCMR) indicators; and graduation rates.

School Progress measures district and campus outcomes in two areas: the number of students that grew at least one year academically (or are on track) as measured by STAAR results and the achievement of all students relative to districts or campuses with similar economically disadvantaged percentages.

Closing the Gaps uses disaggregated data to demonstrate differentials among racial/ ethnic groups, socioeconomic background, and other factors. The indicators included in this domain, as well as the domain's construction, align the state accountability system with the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act (ESSA).

Who is Rated?

Districts and campuses with students enrolled in the fall of the 2021–22 school year are assigned a state accountability rating. For this purpose, students are considered enrolled if they are in membership. In order for a student to be in membership they must be scheduled to attend at least two hours of instruction each school day or participate in an alternative attendance accounting program. Students instructed virtually are included in accountability calculations in the same manner as in-person students. Students enrolled in virtual courses under an agreement described by Texas Education Code (TEC), Section 29.9091, are considered enrolled in the sending district or school for purposes of average daily attendance and accountability.

Districts

Beginning the first year they report fall enrollment, school districts and charter schools are rated based on the aggregate results of students in their campuses. Districts without any students enrolled in the grades for which STAAR assessments are administered (3–12) are assigned the rating label of Not Rated. State-administered school districts, including Texas School for the Blind and Visually Impaired, Texas School for the Deaf, Texas Juvenile Justice Department, and Windham School District are not assigned a state accountability rating.

Campuses

Beginning the first year they report fall enrollment, campuses, and open-enrollment charter schools, including alternative education campuses (AECs), are rated based on the performance of their students. For the purposes of assigning accountability ratings, campuses that do not serve any grade level for which the STAAR assessments are administered are paired with campuses in their district that serve students who take STAAR.

RATING LABELS

Districts and campuses receive an overall rating, as well as a rating for each domain. The rating labels for districts and campuses are as follows.

A, B, or C: Assigned for overall performance and for performance in each domain to districts and campuses (including those evaluated under alternative education accountability (AEA)) that meet the performance target for the letter grade

Not Rated: Indicates that a district or campus does not receive a rating for one or more of the following reasons:

- The district or campus has no data in the accountability subset.
- The district or campus has insufficient data to assign a rating.
- The district operates only residential facilities.
- The campus is a juvenile justice alternative education program (JJAEP).
- The campus is a disciplinary alternative education program (DAEP).
- The campus is a residential facility.
- The commissioner otherwise determines that the district or campus will not be rated.

Not Rated: Senate Bill 1365: Assigned in 2022 for overall performance to districts and campuses that do not meet the performance target to earn at least a C.

Not Rated: Data Under Review indicates data accuracy or integrity may have compromised performance results, making it impossible to assign a rating. The assignment of a Not Rated: Data Under Review label is temporary while the data are reviewed.

Not Rated: Data Integrity Issues indicates data accuracy or integrity have compromised performance results, making it impossible to assign a rating. The assignment of a Not Rated: Data Integrity Issues label is permanent.

Not Rated: Annexation indicates that the campus is in its first school year after annexation by another district and, therefore, is not rated, as allowed by the annexation agreement with the agency.

DISTINCTION DESIGNATIONS

Districts and campuses that receive acceptable accountability ratings are eligible to earn distinction designations. Distinction designations are awarded for achievement in several areas and are based on performance relative to a group of campuses of similar type, size, grade span, and student demographics. Districts are eligible for a distinction designation in postsecondary readiness.

Districts and campuses that demonstrate acceptable performance are eligible to earn distinction designations. Acceptable performance is defined as an overall rating of A, B, or C for 2022. Distinction designations are awarded for achievement in several areas and are based on performance relative to a group of campuses of similar type, size, grade span, and student demographics.

Distinction Designations

For 2022, distinction designations are awarded in the following areas:

- Academic Achievement in English Language Arts/ Reading (campus only)
- Academic Achievement in Mathematics (campus only)
- Academic Achievement in Science (campus only)
- Academic Achievement in Social Studies (campus only)
- Top 25 Percent: Comparative Academic Growth (campus only)
- Top 25 Percent: Comparative Closing the Gaps (campus only)
- Postsecondary Readiness (district and campus)

Distinction Designation Labels

Distinction Earned. The district or campus demonstrates acceptable performance and meets the criteria for the distinction designation.

No Distinction Earned. The district or campus does not demonstrate acceptable performance or does not meet the criteria for the distinction designation.

Not Eligible. The district or campus does not have results to evaluate for the distinction designation, is not rated, is evaluated by alternative education accountability (AEA) provisions, or is a campus paired with a feeder campus for accountability evaluation.
